SUBJECT: PHOTOGRAPHS OF NEW CONSTRUCTION  
-----

Photographs are to be taken of all buildings under construction in the Sydney Sub-Command.

These photographs are to be taken to show the front and rear of the building, also a picture of the building from an angle of 45 degrees so as to show the front and side.

Photographs are to be taken once each month during construction and until such time as they are completed.

Negatives and two contact prints are to be forwarded to Naval Service Headquarters as soon as possible after they are taken.

Enclosed is a copy of a letter received from Crandall Dry Dock Engineers agreeing that photographs furnished of the 200 Ton and 3000 Ton Railway Dry Docks at Sydney, N. S. will not be used for publication without the specific permission of the Canadian Naval Authorities.

Might I suggest that when sending these photographs to Crandall Dry Dock Engineers, the matter might be taken up with the local customs authorities so that no difficulty with pictures of this kind crossing the border may be encountered.

I enclose copies of letter and enclosures addressed to me by Mr. C. V. Dunne, Resident Engineer, in which he asks for photographs of the 3,000 ton and 200 ton Dry Dock Cradles for retention by the Crandall Drydock Engineers.

(2) Photographs were taken of the first named, the negatives of which, it is believed, have been filed at Naval Service Headquarters, Ottawa.

(3) As regards photographs of the Point Edward Naval Base it is suggested that a suitable opportunity might be taken for a staff Photographer under your command to visit this Base.

(4) If you concur, I would like to report to you when arrangements have been completed for the trials of the new 200 ton Marine Railway in the Point Edward Naval Base, so that photographs of this could be taken at the same time.

SYDNEY, N. S. November 18th 1942

MEMORANDUM TO

N.O.I.C.  
H.M.C. Dockyard,  
Sydney, N. S.

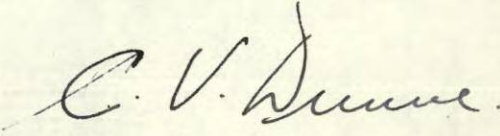

FROM Resident Engineer, Works & Buildings, (N)  
Sydney, N. S.

I am enclosing copies of two letters, one from the Crandall Dry Dock Engineers and the other from the Dominion Construction Corporation Limited, in connection with the obtaining of photographs of the various Buildings and Works.

As you will note in the letter signed by Mr. Ducharme, it is requested that prints be forwarded to the Crandall Dry Dock Engineers, Cambridge, Mass. Mr. Ducharme has already seen the photographs in your office and has requested copies of four, namely, H3827, H3829, H3844 and H3845. It is anticipated that a test haul will be made on the 200 Ton Marine Railway, early next week. I presume that pictures will be taken of this operation and that prints might also be sent to the Crandall Dry Dock Engineers.

In connection with the request of the Dominion Construction Corporation, as mentioned in our conversation of yesterday, the services of an official photographer Naval Service, might be obtained and copies of pictures taken be given to the Dominion Construction Corp., Ltd.

Dear Sir:-

Will you kindly let us have your permission to take pictures of the various Buildings, which will also include interiors.

This is for the purpose of our records showing types of construction.

These pictures will be views of individual Buildings and nothing on them will show location. We, of course, will make no move to take these photographs without first securing permission to do so.
